SENKIN SHUZO

Tochigi, Japan

YAMADANISHIKI

N/A

100% organic Yamadanishiki polished down to 50%!

Established in 1806, Senkin are actually the oldest brewers in Tochigi. However, it was the forward thinking of the 11th generation Usui brothers that saw them shift into the cult brewery they are today.

They are also one of only a handful of breweries that doesn't dilute their sake with water (genshu).

Senkin is also known for Tokuteimeishoshu (special designation) labelling. Instead of Ginjo, Junmai, Tokubetsu, Daiginjo etc. They figured they'd just tell people what's in the bottle, how they made it and forget about grades.
